

## Halal Certified EDTA Tetrasodium

Halal is an Arabic word means lawful or permitted. It is always mentioned along with Haraam which means sinful or prohibited by Allah. At the same time, you will also be able to find another related term in Islamic food, mushbooh which means doubtful or suspect as it is unclear whether they are Halal or Haraam. For mushbooh food, the products' source and manufacturing process need to be audited to decide whether it's halal or haraam.

### **EDTA Tetrasodium**

**ETDA tetrasodium** is white crystalline powder, soluble in water, insoluble in ethyl Ethylene diamine tetraacetic acid tetrasodium salt (EDTA-4NA). EDTA tetrasodium is mainly used for water treatment, as an additive to detergent, a chemical for photography, paper-making and oil-field. It is also used as detergent for boiler cleaning and reagent in chemical analysis. EDTA Tetrasodium is general recognized as halal. We will still audit another 2 key points to make sure that our EDTA Tetrasodium is 100% halal: Are there any pig products used in manufacturing process of this ingredient? Does the ingredient contain Alcohol (impure) or other haraam ingredients?

The manufacturing process of EDTA Tetrasodium is pig-free; the raw materials (or culture medium) are . No other haraam ingredients will be used used in manufacturing process of EDTA Tetrasodium.
